

A Bear of Very Little Brain

by Jeremy James

By the time our earthly population realizes that they have been taken in on a grand scale by the gang of psychopaths who meet annually in Davos – I nearly typed ‘Devious’ – it will be far too late. Even when the world is crashing down around their heads, there will be many who refuse to believe they have been deceived. After all, they have been told over and over that evil is relative and that there are no truly wicked people in the world anymore. Our political leaders may not be perfect, they say, but they would never betray us.

Really? Did the Nazi Party betray Germany? Of course it did. Did the Bolshevik Party betray tens of millions of Russians? Of course it did. Has the Chinese Communist Party enslaved hundreds of millions of Chinese? Of course it has. Did President Carter sign away Panama to the Chinese Communists in 1977? Did successive Administrations off-shore half of American industry to the CCP over the past forty years? The list goes on and on.

Even a “bear of very little brain” should be able to see this.

The same little brain should also see that the rot never stopped and that the self-appointed world government at Davos is pushing ahead with the final phase of the Communist plan to impose an authoritarian technocracy on the entire world.

When Daniel saw where everything was heading and how this wickedness would erupt like a volcano in the End Time, he was overcome with shock. How could evil like this exist? –

“After this I saw in the night visions, and behold a fourth beast, dreadful and terrible, and strong exceedingly; and it had great iron teeth: it devoured and brake in pieces, and stamped the residue with the feet of it: and it was diverse from all the beasts that were before it; and it had ten horns.”

- Daniel 7:7

The wickedness of the fourth beast greatly exceeded anything mankind had previously known. This is the spirit of Davos, the supernatural impetus that is driving the current agenda. Behind the Armani suits and Gucci shoes, the polished accents and impeccable manners, lies a darkness that would horrify the average person.

If you have difficulty seeing it, then ask God to open your eyes. He will do so only if you love the truth. Those who “received not the love of the truth” (2 Thessalonians 2:10) will continue as they are.

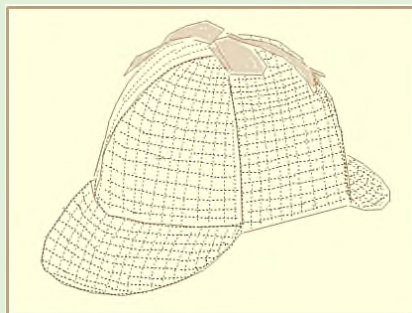

This paper is the fourth in a series devoted to exposing the New World Order and the people behind it, but doing so through pictures rather than words. (The earlier papers in our quartet were #318, #319, and #320). We hope this set will provide readers with something they can share with their friends and loved ones, an accessible introduction to a troubling subject.

Jesus told us that the crisis we know as the End Time will come suddenly, with little advance notice. This is why he asked us to watch for the signs. He also warned that the professing church would not see it coming since most of its members would be greatly deluded by the world and what it seems to offer:

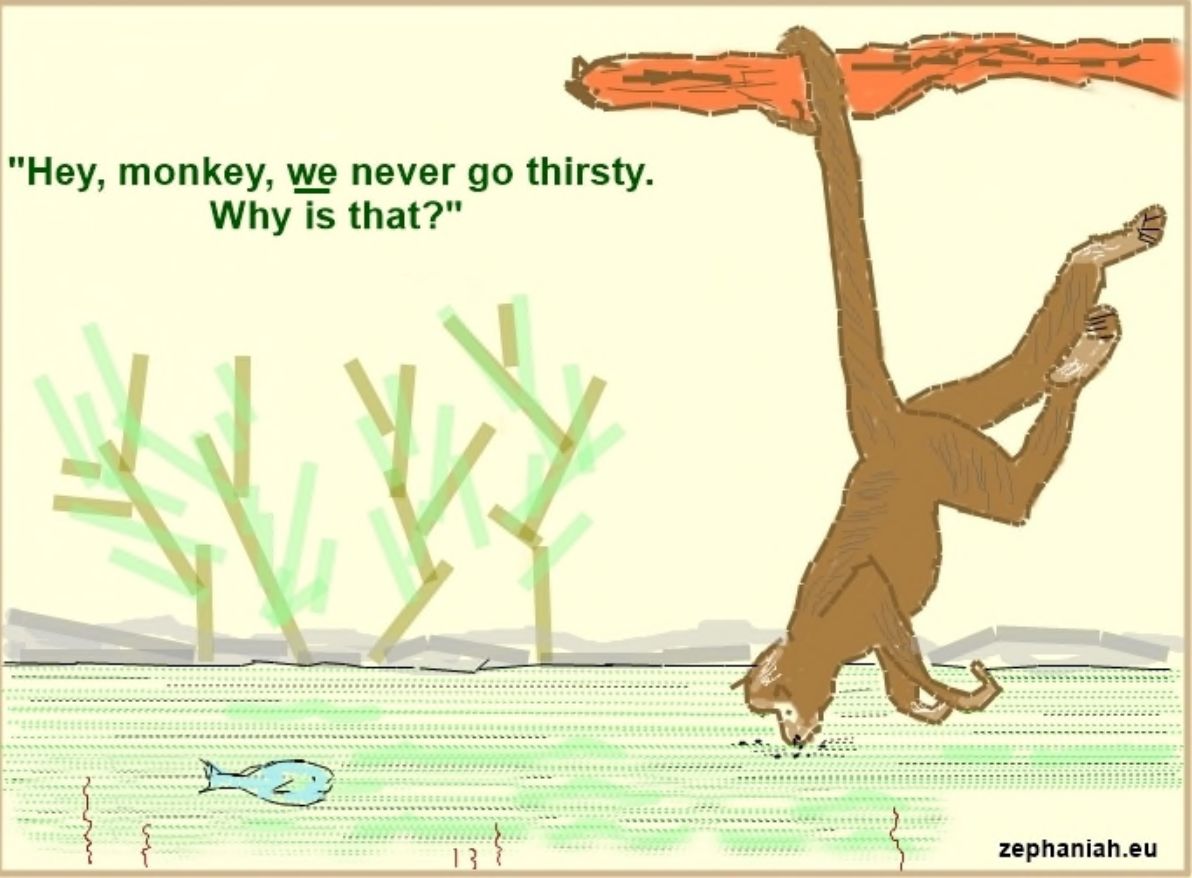

“Because thou sayest, I am rich, and increased with goods, and have need of nothing; and knowest not that thou art wretched, and miserable, and poor, and blind, and naked:”

- Revelation 3:17

Sherlock Holmes solved many perplexing crimes by following his favorite maxim: “When you have eliminated the impossible, whatever remains, however improbable, must be the truth.” Alas, this will not help us much today since the criminals at the top of the hierarchy accomplish a great deal by co-operating in ways that hardly seem possible. If we applied the maxim used by Holmes we would miss the hands that are really pulling the levers behind world events. To understand the nature of this awful assault on mankind, we must ask the LORD to open our eyes. Of itself, human logic is of little use.
